#### A Message From Uncle's *during a time of change*

Our restaurants have always been guided by the principles my mentors shared with me: teamwork, respect, humility, honesty, and aloha. These have been our core values since the first day of Uncle's Fish Market & Grill and continue throughout these difficult times.

We want our guests, purveyors and staff to know that we are complying with governmental guidelines and recommendations to assure that all proactive measures are being taken to keep everyone as safe as possible.

We continue to be a safe haven and source of nourishment for Oahu. We regard our role in the community as one of health and welfare, and will continue to be part of Hawaii's food community for many years to come. *E mālama pono!* (take good care) – Bruce
